

New Student Pick-up Instructions

On Thursday, January 12, 2012, we will be implementing a new pick up procedure for the end of the school day.

As you enter the school parking lot from Highway 32, please keep to the west. As you approach the school, please continue to stay in one line. You will not be allowed to park along the curb or in the last row of parking spaces between 2:30 and 3:15. Once you have picked up your student, *please continue to wait in line until the car in front of you is dismissed.*

If you do not wish to wait in line, please feel free to park in one of the spaces provided in the front three rows. If you should decide to park in the front row, please back in so that you may merge into the pickup line easier upon seeing that your child is ready to be picked up. Students will line up upon exiting the school and school personnel will be positioned to help release them to their respective parents. At this time, if you are parked, please cautiously merge into the existing line of cars. As you enter and exit the parking lot, please stay on the perimeter of the parking lot as depicted in the diagram.

Please note that we start dismissing the kindergarten first, promptly at 2:55. Should you be the parent of a kindergarten student, it would be beneficial to come a little early so that you can start the line. If you have students in separate grades, it will be beneficial to park and wait for both students before getting in line.

We want to thank you in advance for your cooperation in this matter. Please be patient during this process as we adjust to the new pick up procedures. We are trying to provide the safest environment possible for our students. Please call should you have any questions or concerns.
